laminated panels for the woodworking industry

**Frost Hardwood Lumber Company is pleased to announce that Miramar Panel Company is laminating quality laminate panels in all laminates (Formica, Wilsonart, Nevamar and Pionite as well as veneers) We normally lay these up in verticle grade with a 11/16 4x8 PB Core but we can lay up any grade and any core we have in stock.**

- Local inventory means quicker service and less handling and better quality control**
- We use local suppliers of Wilsonart, Nevamar and Pionite. We support local suppliers**
- Mill direct shipment of core material means better quality control, pricing and value.**
- Miramar Panel Co/Frost Hardwood Lumber Co. is your solution for laminated panels and a trusted source for quality wood products for over 90 years.**
